

Summary

Software Engineer skilled in MERN Stack, Django, React.js, Node.js, Express.js, MongoDB, Python, and RESTful APIs. Experienced in developing responsive full-stack web applications, AI-based systems, and machine learning projects. Strong understanding of frontend and backend development, database management, debugging, and responsive web design. Quick learner with excellent problem-solving, teamwork, adaptability, and communication skills.

Experience

AI Intern – SmartED Company (Jul 2024 – 2025)

- Worked on AI-based applications, automation workflows, debugging, and technical documentation.
- Assisted in developing and testing machine learning features and backend functionalities.
- Collaborated with development teams in implementing scalable software solutions.

Projects

Student Performance Prediction System (ML)

- Developed a machine learning system to predict student academic performance based on engagement
- Performed data preprocessing, feature engineering, analysis, and model training using Python libraries.

AI Loan Approval System (ML)

- Built a predictive machine learning model for loan approval based on applicant information.
- Developed analytical workflows for prediction accuracy and performance evaluation.

Heart Disease Prediction using ECG (ML):

- Developed an AI-based prediction system to detect heart disease using ECG/image datasets.
- Improved prediction accuracy through preprocessing and feature extraction methods.

Pizza Ordering System (MERN Stack):

- Developed a responsive full-stack pizza ordering web application using React.js, Node.js, Express.js, and MongoDB.
- Added responsive UI design and real-time order management features.

Technical Skills

- **Programming Languages:** Python, JavaScript
 - **Frameworks & Stacks:** MERN Stack, Django
 - **Frontend Technologies:** React.js, HTML5, CSS3
 - **Tools:** Git, GitHub, Postman, MongoDB Compass
- **Libraries:** Pandas, NumPy, Matplotlib
 - **Databases:** MySQL, MongoDB
 - **Backend Technologies:** Node.js, Express.js
 - **Soft Skills:** Problem Solving, Team Collaboration, Communication, Adaptability, Quick Learning

Education

Master of Computer Application (MCA)	2024 – 2026
MES College of Engineering – 80%	Malappuram, Kerala
Bachelor of Computer Science	2021 – 2024
Ideal Arts and Science College – 75%	Palakkad, Kerala

Certifications

- Artificial Intelligence Certification - 2025
 - Meta Back-End Developer Certificate – 2024
- Cloud Computing Certification - 2024
